

Finance Team

Pastoral Contact: Rev. Henra Chennault

Identifies, defines, and supports the financial needs that contribute to the greater vision and work of the congregation. This team monitors and starts the budget process each year, works on special fundraising projects as needed, and communicates the financial needs and concerns of the church to the congregation.

People who are good with numbers, like fundraising or have budgeting or business experience could see their gifts put to good use on this team.
